RED LEDGES GOLF COURSE WINS 2016 BEST OF STATE

HEBER VALLEY, Utah (April 12, 2016) — Red Ledges (www.redledges.com). The Jack Nicklaus Signature Golf Course at Red Ledges, a premier four-season mountain golf community just minutes from Park City, was named Best Golf Course in Utah by Best of State Awards for a seventh consecutive year.

The Best of State Awards recognize excellence throughout the state of Utah. Red Ledges was awarded the Best of State title based on the outstanding course design by Jack Nicklaus, which was focused on integrating a mountain golf course with natural sandstone landscaping. Other judging criteria included innovative approaches and methods as well as a significant contribution to a better quality of life in Utah.

“It is truly an honor to receive this recognition for the seventh year from Utah’s top recognition and awards program,” said Mitchel Burns, Red Ledges COO. “Jack Nicklaus was very particular in the experience he wanted to create for Red Ledges’ members. His vision, in combination with the singular beauty of the Red Ledges topography, and the personal instruction and technology offered through our Jim McLean Golf School, creates that unmatched experience for members and home owners in our community.”
