Rustic Elegance

(HEBER CITY, UT) The private recreational mountain community of Red Ledges already had plenty of premier amenities for its members to enjoy: two Jack Nicklaus Signature Golf Courses (an 18-hole championship golf course and a new 12-hole Golf Park), the Jim McLean Golf School, the Cliff Drysdale Tennis School, an extensive equestrian program, a swim and fitness club, and two private member ski lounges in Deer Valley. But last year they added a spectacular clubhouse that was recently honored as one of the top “2016 Clubhouses of the Year” by Golf Inc. Magazine. The 15,300-sq. ft., two-story clubhouse features fine dining in the Juniper Grill, a sports shop, luxurious locker rooms, and relaxing patios offering great views of Mount Timpanogos. The western-ranch and mountain-style clubhouse epitomizes rustic elegance with its heavy timber columns, beams, and trusses, along with locally quarried red sandstone. Red Ledges, a Troon Privé managed club, placed third among all private club new clubhouses honored by Golf Inc.
