## **Who is Paws for Life Utah (PFLU)?**

Paws for Life Utah is a non-profit, volunteer-run organization based in Heber City, Utah and dedicated to helping homeless dogs, cats and other "at risk" animals from municipal shelters find forever homes. Thanks to donors and sponsors, PFLU places over 1,200 shelter pets in loving homes every year. We spay and neuter, immunize, microchip, and provide medical care when needed.

We are a no-kill advocate. No animal within our system is at risk of euthanasia because of age or space. We rescue both adoptable and those more challenging to place such as seniors and special needs. We house animals with over 100 fosters and at a local boarding facility.

We rely on our over 200 generous volunteers to keep our organization running. Our volunteers assist at our adoption and community events and work directly in socializing and caring for the shelter pets that we rescue. Our amazing fosters provide critical support and knowledge of specific behavioral characteristics so our dogs and cats can go to safe and loving homes.
